

SEWER ZYME - BOC

DESCRIPTION

A-22L is a water base odor controller with effectiveness of deep cleaning microbes. After odor elimination, the odor causing compounds are subsequently biodegraded by the bacteria strains. **A-22L** is a specialized bacteria formulation designed for effective suppressant of heavy and obnoxious odors on all type of portable toilets, urinals, garbage cans, cargo areas, refuse, storage areas, galleys and rest room.

A-22L rapidly dispels and controls toilet odors and also prevents odor formation when applied to food spills and refuse.

A-22L is safe on all materials commonly used in portable and refuse handling equipments.

DIRECTION FOR USE

A-22L can be used concentrated or diluted depending on the area to be cleaned.

To deodorize trash areas, garbage cans, urinals, toilets rest rooms, use neat **A-22L** in a trigger sprayer and simply spray on the surrounding.

PRECAUTION

Harmful if swallowed. Avoid contact with eyes. Wash hand after handling.

PACKING

A-22L SEWER – BOC is available in 25 liters pail.

SAFETY AND HANDLING INFORMATION

Protective Measures	No special protective measure is required during normal usage. Rinse hands with water after use.
Spillage & Disposal	Spillage is slippery. Wear gloves, confine spill and stop leak at source if possible. Pump liquid back into original container. Absorb remaining liquid with inert material such as dry sand or earth.
<u>FIRST AID</u>	
Eyes	Rinse eyes with copious amount of water for at least 15 minutes. If irritation persists, seek medical advice.
Skin	Wash skin thoroughly. Remove grossly contaminated clothing, including shoes and launder before reuse.
If Inhaled	Remove victim to open air. Seek medical advice if effect persists.
If swallowed	Rinse mouth; then drink 1 or 2 large glasses of water. Do not induce vomiting. Seek prompt medical attention. Never give anything via mouth to an unconscious person.
<u>HANDLING</u>	
Storage & Transportation	Product should be stored and transported in original containers. Do not store near heat, sparks, flame or strong oxidizers. Store away from strong acids and foodstuff. Keep container lid tightly closed. Store in a cool and dry area, away from direct sunlight. Open container slowly to control possible pressure release.
Packaging	Packed in 25 litres and 200 litres non-returnable containers.
