

# **WATERLESS HAND CLEANER**

- \* **CAN BE USED WITH/WITHOUT WATER**
- \* **REDUCES WASHING TIME**
- \* **BIO-DEGRADABLE**
- \* **PREVENT DERMATITIS**
- \* **CONVENIENT AND EASY TO USE**

## **PRODUCT DESCRIPTION**

**A-230** is a multi-purpose hand cleaning gel. **A-230** effectively cleans greases, oils and wet paints etc. It is very suitable and convenient for use by mechanics, painters, plumbers, engineers and technical personnels working on jobs where water is unavailable. It is also used by office workers for cleaning hands soiled with ink, carbon etc.

## **PHYSICAL AND CHEMICAL PROPERTIES**

**A-230** is a transparent yellow/opaque paste, blended with hydrocarbon solvents, surfactants and emollients agents for skin protection and scented with floral fragrance. pH is neutral. Contains active antiseptic ingredients.

## **FIELD OF APPLICATION**

**A-230** can be used in the following:-

1. Shipyards
2. Service Stations
3. Technical Workshops
4. Factories
5. Offices

## **DIRECTIONS FOR USE**

Apply a small amount of **A-230** to the palm. Rub well into the hands until it liquefies, then wipe off with a cloth or rinse off with water.

## **SAFETY AND HANDLING INFORMATION**

Protective Measures	No special protective measure is required during normal usage. Rinse hands with water after use.
Spillage & Disposal	Spillage is slippery. Wear gloves, confine spill and stop leak at source if possible. Sweep up spilled material and place in a suitable, clean, dry and labelled container. Absorb remaining content with inert material such as dry sand or earth.
<b><u>FIRST AID</u></b> Eyes	Rinse eyes with copious amount of water for at least 15 minutes. If irritation persists, seek medical advice.
Skin	Wash skin thoroughly. Remove grossly contaminated clothing, including shoes and laundry before reuse.
If Inhaled	Remove victim to open air. Seek medical advice if effect persists.
If swallowed	Rinse mouth; then drink 1 or 2 large glasses of water. Do not induce vomiting. Seek prompt medical attention. Never give anything via mouth to an unconscious person.
<b><u>HANDLING</u></b> Storage & Transportation	Product should be stored and transported in original containers. Do not store near heat, sparks, flame or strong oxidants. Store away from strong acids and foodstuff. Keep container lid tightly closed. Store in a cool and dry area, away from direct sunlight. Open container slowly to control possible pressure release.
Packaging	Packed in 4 and 18 kgs non-returnable containers.
