

UNICLEAN (NON-CAUSTIC)

PRODUCT USE

This product is a non-caustic liquid cleaner and degreaser. It is non-corrosive and specially formulated to remove scorched and fatty deposits, oxidized oils, greases, dirt and exhaust stains from all types of floor, wall, glass, table top, kitchen stove, cooker hoods, ovens, carpets and metal surfaces. This product is for general domestic use, and can also be applied to industrial cleaning in workshops, factories and shipyards etc.

DESCRIPTION

A-315 is a non-caustic liquid cleaner, containing inorganic alkaline salts blended with biodegradable surfactant, corrosion inhibitor and organic solvents, for the removal of polar soils and stubborn stains.

DIRECTIONS FOR USE

A-315 can be used by normal method of cleaning - brush, mop, spray and swab.

- For general cleaning, dilute one part of **A-315** to 30 - 60 parts of water.
- For removal of stubborn stains, apply in concentrated form.

Apply **A-315** solution on the area to be cleaned until the surface is wet and allow it to penetrate for a few minutes. Then rinse with water or wipe over with a clean and damp cloth.

PRECAUTION

Avoid unnecessary contact with skin. If splashed into the eyes, rinse with large quantities of water and seek medical attention.

SPECIFICATION

TYPE	:	Alkaline water based cleaner
SPECIFIC GRAVITY:		1.02 – 1.05
pH	:	11 - 12
FLAMMABILITY	:	Non-flammable
COLOUR	:	Clear
FORM	:	Liquid

CHEMICAL PROPERTIES

Contains inorganic alkaline salt blended with biodegradable surfactant, wetting agent, penetrating agent and corrosion inhibitor.

SAFETY AND HANDLING INFORMATION

Protective Measures	Wear chemical resistant gloves, safety goggles and footwear. Use in adequately ventilated areas. Wash hands with water after use. Avoid breathing in vapour.
Spillage & Disposal	Spillage is slippery. Wear gloves, confine spill and stop leak at source if possible. Pump liquid back into original container. Absorb remaining liquid with inert material such as dry sand or sawdust. Neutralize if necessary with vinegar or other diluted acid solution.
<u>FIRST AID</u> Eyes	Rinse eyes with copious amount of water for at least 15 minutes. If irritation persists, seek medical advice.
Skin	Flush with large amount of water, use soap if available. Remove grossly contaminated clothing, including shoes and launder before reuse. Seek medical attention if necessary.
If Inhaled	If overcome or affected, immediately evacuate victim from exposure area, using proper respiratory protection. Administer artificial respiration if breathing has stopped. Keep at rest. Seek prompt medical attention.
If swallowed	Rinse mouth; then drink 1 or 2 large glasses of water. Do not induce vomiting. Seek prompt medical attention. Never give anything via mouth to an unconscious person.
<u>HANDLING</u> Storage & Transportation	Product should be stored and transported in original containers. Do not store near heat, sparks, flame or strong oxidizers. Store away from strong acids and foodstuff. Keep container lid tightly closed. Store in a cool and dry area, away from direct sunlight. Open container slowly to control possible pressure release.
Packaging	Supplied in 25 and 200 litres non-returnable containers.
