

## **DECARBONIZER (NON-CRESOL)**

- \* **WORKS CHEMICALLY**
- \* **NON-INFLAMMABLE**
- \* **NO HEATING - NO HARD SCRUBBING**
- \* **EASY TO USE**
- \* **ECONOMICAL**

### **DESCRIPTION**

**A-577** combines all 3 major cleaning operations, namely degreasing, decarbonizing and paint stripping, into one operation.

**A-577**'s superb solvent power penetrates and emulsifies away the stubborn grease, oil stains and soil faster than ordinary degreasers.

**A-577**'s decarbonizing agent softens carbon on metal surfaces, thus saving lots of costly labour time on manual decarbonizing using bearing scrapper.

**A-577** contains a paint stripping solvent which strips off old and unwanted paints on old engine block, safely and chemically.

**A-577** has a longer shelf life compared to other degreasers.

### **DIRECTION**

**A-577** is used concentrated and cold in tank of appropriate size.

Soak in items to be cleaned for 2 - 5 hours (often less than 30 minutes for light contamination). Upon satisfactory cleaning, remove items out of tank and flush with water under pressure.

## **SAFETY AND HANDLING INFORMATION**

Protective Measures	Use with good industrial hygiene and avoid direct contact. Wear full protective clothing, impervious gloves, goggles or full face mask. Do not use in enclosed space. Use in only adequately ventilated areas, equivalent to outdoors. If adequate ventilation is not possible, use of breathing apparatus is strongly recommended.
Spillage & Disposal	Remove all ignition sources and isolate area. Stop leak at source if this is possible. Recover free liquid and ventilate area. Keep petroleum products out of sewers and watercourse by impounding. Absorb residue with dry sand or earth. Dispose off absorbed residue as per local authority requirements.
<b><u>FIRST AID</u></b> Eyes	Rinse eyes with copious amount of water for at least 15 minutes. If irritation persists, seek medical advice.
Skin	Wash skin thoroughly. Remove grossly contaminated clothing, including shoes and launder before reuse. Seek medical attention if necessary.
If Inhaled	Evacuate victim to open air. If breathing and/or circulation have stopped, apply appropriate resuscitation. Keep at rest. Seek prompt medical attention.
If swallowed	Rinse mouth; then drink 1 or 2 large glasses of water. Do not induce vomiting. Seek prompt medical attention. Never give anything via mouth to an unconscious person.
<b><u>HANDLING</u></b> Storage & Transportation	Product should be stored and transported in original containers. Keep container lid tightly closed. Store in a cool and dry area, away from direct sunlight, ignition sources or extreme heat. Keep away from open flames. Open container slowly to control possible pressure release.
Packaging	Supplied in 25 litres and 200 litres non-returnable containers.
