## Properties

ITEM	SPECIFICATION
APPEARANCE	CLEAR, COLOURLESS FLUID GEL
ODOR	ALCOHOLIC
ACTIVE	ISOPROPYL ALCOHOL, 70%

## Summary

- National Environment Agency, Singapore, listed isopropyl alcohol as an effective ingredient against coronaviruses in their Interim List of Household Products and Active Ingredients for Disinfection of Novel Coronavirus (2019-nCoV) released on 4-Feb-2020.
- Food and Drug Administration (FDA), United States, determined isopropyl alcohol to be eligible for evaluation under the OTC Drug Review (FDA) for use in OTC consumer antiseptic rub products

## Usage Recommendation:

When using an alcohol-based hand sanitizer:

1. Apply product to the palm of one hand.
2. Rub hands together.
3. Rub the product over all surfaces of hands and fingers until hands are dry.
