

FOAMING AGENT

- Increased residential time and cleaning efficiency for the chemicals.
- Essential for application on vertical surfaces.
- Ideal for use with water based alkaline cleaning chemicals.
- Non-Flammable
- Biodegradable
- Can be mixed in all proportions with the cleaning product
- Easy to use

PRODUCT DESCRIPTION:

Apex Foaming Agent is water based, biodegradable and non-flammable.

The resident time of chemicals on vertical surfaces is increased. This enhances the cleaning efficiency, while making a more economic use of the cleaning chemicals. Adding foaming Agent helps with the removal of all kinds of residues, as described for the actual cleaning product.

APPLICATION:

The use of Foaming Agent dramatically improves the cleaning efficiency of chemicals on vertical surfaces, like cargo holds and tanks, refrigeration vessels, as well as general cleaning. For removing undesirable foam, use Anti-Foam Concentrate

DIRECTION OF USE:

Add 50 ml of Foaming Agent per 10 litres cleaning solution, mix and apply with spray foam equipment onto soiled surfaces. Use the final solution according to the directions for use for the actual cleaning product.

Approval: The composition meets the criteria for not being harmful to the marine environment according to MARPOL Annex V and may be discharged into the sea when used to clean cargo holds and external surfaces on ships.

PHYSICAL PROPERTIES

Appearance	: Clear
Relative Density	: 1.05 – 1.20
Form	: Liquid
pH	: >12.0

Packaging : Supplied in 25 litres non-returnable drums.
